Brain Injury Alliance of New Jersey to host 11th Annual Gala, March 16th

North Brunswick, NJ—The Brain Injury Alliance of New Jersey (the Alliance) is proud to host its 11th Annual Gala on March 16, 2017 at the Crystal Plaza in Livingston, New Jersey. The Alliance will celebrate its 35-years of service and the dedicated leadership of its honorees.

The Gala recognizes those who have made important contributions to advancing the quality of life for people with brain injury. The Alliance presents honorees John Tiene, CEO of Agency Network Exchange; Barbara Geiger-Parker, past President and CEO of the Alliance; and Benjamin Kurland, CEO of Allaire Health Care Group. Becky Quick, co-anchor of CNBC’s Squawk Box and anchor of On the Money, will serve as Mistress of Ceremonies.

The event serves to increase awareness about brain injury and raise funds so that we can continue to support individuals affected by brain injury and provide education and prevention to the general public. Attendees are invited to enjoy an evening of hope and inspiration, as well as a networking cocktail hour with some of the most influential people in the field of brain injury. David Musicant, a brain injury survivor, is the featured speaker and will offer insights into his experience with traumatic brain injury and how you can find blessings in the worst moments.

“We are pleased to recognize the leadership of our honorees with our friends and supporters. Their commitment to improving the quality of life for people with brain injuries is inspiring,” states Rita Steindlberger, President and CEO. “As the Alliance commemorates 35 years of service, I look forward to an evening of celebration as we remember how we’ve grown and look ahead to the positive ways we can help those impacted by brain injury.”

For more information please visit www.bianj.org/annual-gala. If you would like to purchase tickets, sponsor the event, or donate, call the Alliance at 732-745-0200.

About The Brain Injury Alliance of New Jersey: The Alliance is a statewide nonprofit dedicated to improving the quality of life people experience after brain injury. Since being founded in 1981 by a small group of concerned parents of children who had sustained brain injury, we’ve grown to become the primary source of information, education, advocacy, support, and hope for people with brain injury and their families in New Jersey. Today, our dedicated staff, board, volunteers, donors, and community partners proudly serve over 10,000 New Jersey residents each year. For more information, please visit www.bianj.org.
